

The Farmers Club's First Ever Book About FOOD!!

The Farmers Club's first ever book about food highlights the integral part that food has played in the clubs development over the last 6 years. It takes you on a mouth-watering journey through the seasons, each one starting with Paul's vision of the forthcoming season, his thoughts about the new seasonal menu ahead and the produce available to use.

Provenance has been highlighted along with some loyal suppliers that have stayed the course over the recent years and have supported the books creation.

A selection of recipes from dishes that have appeared on the club menus have been adapted for home use so that you can recreate them and further modify to suit. All have been carefully tested by the club team, friends and family.

Laced throughout is stunning photography, taken by Club Photographer Jonathan Pollock.

"FOOD at THE FARMERS CLUB," is ideal for home use and of course those all-important Christmas presents. We anticipate delivery of the book in October. Place your order now so you don't miss out!
